

President's Message

The wet and breezy weather has finally arrived. While rain is forecasted for the foreseeable future, the temperature is predicted to still remain mild enough for undaunted gardeners to be outside and taking care of Fall chores. The ground is still warm and easy to work. With the new rain weeds are showing their ugly heads. A good cleanup now will bring about less work and problems in the Spring. It's also a good idea to do some maintenance on the garden tools before putting them away for the year.

We will have a very informative program for our November meeting. Kevin Vaughn will join us to present his "A hybridizer on the Loose" program. As the phrase goes – "If it has pollen, Kevin has probably dabbled with it". We are always surprised as to what shows up in his garden. Just a reminder "masks are required at the meeting". Hope to see you there.
